

M.398 - Windscreen

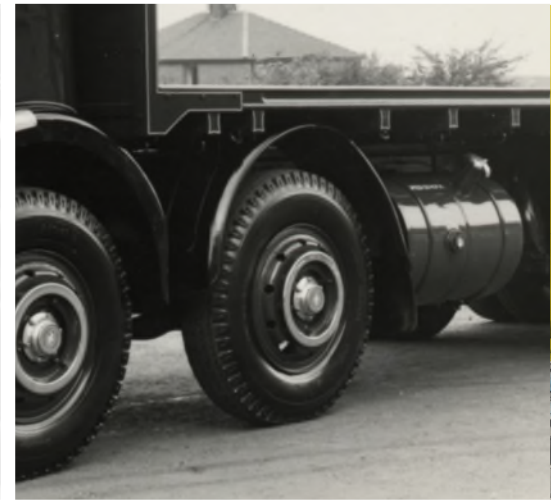

The ideal answer for a windscreen for all two wheeled vehicles

Made from Cobex, which is virtually unbreakable.

The metal parts are exceedingly robust and have the added advantage of being not only attractive in styling but very strong and give an easy adjustment for height and angle of the screen.

NETAL

GRAND PRIX

The Grand Prix harness is constructed from 100% terylene webbing and uses high quality metal fittings. It is available only with crutch straps. The 4-way release buckle has been developed by Britax Engineers for strength and simplicity. This harness is intended for use in single seaters, sports G.T. and prototype vehicles.

NOT suitable for saloon cars or G.T. and sports cars with reasonable space behind front seat for mounting a long tail strap.

When ordering state type of end fitting required i.e. flat plate 907C or clip-on 907D.

Part Nos. 907C and 907D

INTERNATIONAL

The International is constructed from the same materials as the Grand Prix, using the same 4-way release buckle, but is fitted with a long tail strap for fitting in saloon cars and in certain G.T. and sports cars.

This harness is supplied with clip type fittings only.

NOTE: Due to the mounting position of tail strap, this harness is only suitable for competition use by competitors in saloon car racing or rallying, in those cars where no rear passengers are carried. For Sprinters.
